## PRE-INSTALLATION CHECKLIST

### IMPORTANT NOTICE

The following information is required before installing your Security Solution. Failure to complete and return this worksheet may result in a delay of and/or rescheduling the installation date and/or additional labor charges. Your Internet connection must be operational at the location prior to the installation date.

### Internet Service Provider (ISP) Information

 (You can attach the premise form in lieu of this information)

Most ISPs do not provide a Static IP address unless you specifically order one. Approximate activation time for a Static IP address is 24-72 hours from the order date. Please provide as much information as possible.

ISP Name	
ISP Phone	
Static IP Address	
Subnet Mask	
Default Gateway	
Primary DNS	
Secondary DNS	
Service Type (circle one)	DSL CABLE WIRELESS SATELLITE T1 OTHER: _____
Login/Password for the account	

### Equipment Information

Please supply us with equipment information so we can get additional equipment if needed.

Equipment Type (circle one)	Modem/Router
Manufacturer	
Model Number	
Any devices currently connected to router/modem (circle one).	No/Yes, if Yes then please list: _____
Electrical Outlets Close to Equipment	Yes/No, if no then how far away: _____
Enough to add 2 more devices	Yes/No

### Customer Information

Please supply us with your contact information in case we need to coordinate the installation with your ISP.

Contact Name	
Address	
City, State, Zip Code	
Phone	
Mobile	

### Location of Installation

This information will be used if we need to contact your ISP regarding the Static IP address, installation, etc.

Company Name	
Contact Name	
Address	
City, State, Zip Code	
Phone	

Please fax this completed worksheet to Spytek Security Technical Support at 760-888-4800.
